

# **Recommended Books for 1<sup>st</sup> MBBS Students**

Deciding which textbook to buy is not an easy task. Choice of a textbook depends on the individual and his or her aptitude. It is desirable, and would certainly be helpful if each student has one textbook out of the recommended list of textbooks. We suggest that you browse through, try each one out and take your time before you decide which one you would like to buy. Remember there is no ideal textbook, all share their imperfections and yet each one of them has much to offer. (NOTE: Eligible candidates will receive books from social welfare department. For details contact college office)

## **A. Department of Anatomy**

### **Recommended Books(Anyone latest edition)**
